# Statement of Aims, Principles & Practice

Alpha Guardians is committed to serve the young people, parents of students and host families within its care, keeping the young person at the centre of all that we do.

By providing high quality Guardianship Services, which includes our commitment to maintain our Gold Standard Aegis Accreditation <https://aegisuk.net/organisations/> we aim to provide a safe, caring and supportive environment for each student which includes the host families and schools that we work with.

Alpha Guardians prides itself in taking a genuine interest in each student, their welfare as well as their academic progress, and through regular communication and visits to students, Alpha Guardians seeks to maintain the highest standards of care.

We aim to do this through following the high standards set out in our policies and procedures, which can be found on our website:
